

# RUGGED CAMS

By Rugged CCTV

# Incredi-Bullet HD-TVI

The Incredi-Bullet is a small compact color camera. This bullet camera produces an extremely high resolution image. Our weatherproof bullet camera provides a perfect solution for moisture incursion issues relate to any harsh weather condition.

The image changes instantly from Color, during the day, to Black and White at night or 5 lux. With this day and night camera function, the horizontal and vertical resolution is greatly improved at night.
